‘Turning Our Nation Back to God’ Beckons Believers to Recognize Their Role in the Greatest Revival in History

Dr. Ché Ahn’s New Book Shares Historic Examples of Revival Following Dark Moments in History

PASADENA, Calif., March 31, 2022 — Believing that 2022 is a crucial moment in history for the body of Christ, Dr. Ché Ahn, Senior Pastor of Harvest Rock Church and President of Harvest International Ministry, opens the pages of Scripture and Church history to reveal God’s divine plan that is currently unfolding in unprecedented ways in his latest book, “Turning Our Nation Back to God Through Historic Revival,” which releases April 4 from Wagner Publication.

Referencing global shakings such as WWII and COVID-19, “Turning Our Nation Back to God Through Historic Revival” suggests the greatest darkness precedes the greatest light of revival. Now, with the war between Russia and Ukraine, as well as global economic distress across the nation, anxiety, fear and conflict are reaching a tipping point once again as individuals worldwide fear that we’re on the brink of WWIII. These current events show we are prime for revival, causing Dr. Ahn’s messages to resonate with believers more than ever before.

With an international Bible-teaching ministry and more than 15 books to his name, Dr. Ahn has been well-known in worldwide Christian circles for many years. When COVID-19 hit, unfolding events propelled him into the national conversation. Dr. Ahn’s Harvest Rock Church and its Harvest International Ministry network, representing approximately 150 churches and ministries in California, filed a federal lawsuit against Governor Newsom and California for the unconstitutional lockdown of in-person worship services.

It was this experience that inspired Dr. Ahn to write “Turning Our Nation Back to God Through Historic Revival,” urging God’s people to speak the truth in love and transform their world through the power of the Word of God.

“Our world is in desperate need of revival,” notes Dr. Ahn. “In this crucial moment in time, I’m convinced that true historic revival is on God’s agenda. Right now, God is beckoning us to recognize the amazing and powerful ways that He has moved in the past, so that we can act as a bridge, in the spirit, to stand for an even greater move of God in our generation. What God has done before He will surely do again.”

Designed to equip believers to stand strong in their faith and unite as God's Church, the book addresses topics such as:

- Pro-life values,
- The Christian's responsibility to vote,
- Cancel culture and how to combat it with the truth of God's word,
- Unity in the body of Christ,
- Religious freedom and
- Sanctity of marriage.

Dr. Ahn, who does have a history degree from the University of Maryland, contends that you don't need to be a history buff to receive something powerful from the historical accounts in the book. He hopes that readers will be open to important lessons from revival history so they're equipped to stand strong, pray and position themselves to be a revivalist."

"One of the reasons why I love revival history so much is because we can learn a lot from 'the good, the bad, and the ugly' that has taken place throughout church history," shares Dr. Ahn. "We learn from those who have gone before us, so we don't make the same mistakes. Let's unite for historic revival in our cities, regions and nations until we see the promises of God fulfilled for this generation. I believe the best is yet ahead!"
